# EL ANGEL AZUL

Housed in a registered historic building that once served as the State Courthouse, El Angel Azul is a beautifully restored landmark in the heart of downtown La Paz.

This Hacienda style property features nine uniquely designed guest rooms with private bath, a Honeymoon suite and a two-bedroom, two-bath apartment. All rooms frame a lush central courtyard filled with palms, bougainvillea and local cacti. A traditional Mexican Talavera tiled kitchen and two street accessed retail spaces complete the amenities. Bright colors abound as walls are splashed with pigments from Queretaro in vibrant yellow, blue, green and terracotta. Located one block behind the Cathedral and a ten minute walk to the waterfront, the Blue Angel is perfect for a boutique hotel, a luxury spa, corporate retreat, family compound or a co-living arrangement for retirees.
